

Stardate.....2011

July 17th

News in from NSW today that our Finnish Lapphund Watersedge Enchanted Destiny (Raiven) loved, owned and handled by Melissa De Matos and Brian Borg gained the final points she required to claim her Australian Champion title.

Raiven has achieved this with many special moments along the way. She has been a fantastic ambassador for our kennels.

A very big thank you to Melissa and Brian for assisting Raiven to achieve her potential!

July 12th

We are absolutely shattered to hear that Watersedge Evening Shadow (Pippin) has lost her battle against a mystery illness.

She was one of 4 Australian Kelpie puppies from the only litter from Ch. Watersedge Evening Star (Evie). She was the only black female in the litter and was just like her mother.

Pip took ill the weekend before last with what was suspected poisoning. She had been out on her regular walk and it was thought that she may have come across a dead animal as she disappeared into the bush for a short while with one of her canine companions. She had been hospitalised on Mt Tamborine and was to be released over last weekend when she took a sudden turn for the worse.

Rob and Sandra we feel your pain. She was such a special little girl.

RIP precious one.

July 10th

The last puppy from the litter between Ch. Herding Instinct's Herra Watersedge (Imp SWE)

(Markku) and Ch. Watersedge Alias Anja (Sanni aka Poppy) has flown off to Western Australia. Watersedge My Guy (Joachim) has been waiting patiently for his new parents to come back from their holiday.

Watersedge wishes him and his new parents success as we will be waiting to see this young man make his debut in the show ring soon.
