Tara was the very first Australian Kelpie puppy retained by Watersedge to commence the breeding program we had envisioned. She was from our 3rd litter - between <a href="http://www.watersedgekennels.com/fl/australian-kelpies/28-rainbow-bridge/26-ch-nellarou-picnic-racer.html">Ch. Meggs). 
Tara was an amazing dog to have on the end of lead in the show ring. She had such show presence and virtually showed herself! 
She was a Junior when she obtained her Australian Championship title. She amassed countless awards during her career from Baby Puppy to Runner-Up Exhibit in Group and many "in Show" awards as well. Along with her father, she was also half of a formidable force in Brace classes, taking home countless awards over many years.
Tara recently celebrated her 12th Birthday. She had been diagnosed with a tumour some months earlier but this had not seemed to slow her down. Her demise was very quick and merciful.
We will miss our "little red haired girl with freckles", as she had always been known to us. Run free little angel. We will see you in heaven.

Elke surprised us with this delightful litter to <a</p>

Possible of these Finnish Lapphunds were imported in whelp and this signalled a new and exciting era for the development of this breed in Australia. These 2 litters have been the only successful imported litters to date.
Possible of the betterment of the breed in Australia; contributing to the forward progression as had been planned so many years previously.

Phis makes 3 from 3 for Larry as he was also awarded Baby in Group at a Members Competition show too. Congratulations Janoby Kennels on this success so far.
Go Larry! We wish you many more to come.
