Minka is the second Finnish Lapphund to arrive at Watersedge. I was so impressed with her sister, Laani, that I couldn't wait until I could import one of my own. I had to have Minka too.

Minka is quite an imposing bitch and loves to be shown. She caused quite a sensation in the show ring when she was first brought out due to her colouring, conformation and her lovely nature. She has the softest of temperaments but is more than happy to strut her stuff.

Minka is what is known in the breed as **Wild Colour** or **Sable**. She is also one of the rare types of colouring to be seen as she is also a **Domino**. Finnish Lapphunds are born with the base colour predominant and develop their colouring as they mature but the **Domino**s already have the mask at birth. At the present time there are only six of this type in the country.
